Vice Mayor Holbrook called the Public Hearing to order at 7:07pm. Council members present were Bryce Brucker, Kevin Moore, Randy Wright, Elaine Price and Russ Holbrook. There was further discussion regarding the FY09 Budget. Elaine Price stated she was planning to ask Fed. Hwys. to pay the City for the snow removal this winter as it appears as if the paving project won't be completed. Consequently, the City will be responsible for snow removal on the main road, not just in town. Elaine Price brought up the issue of the north end IFA run. There will be an emergency brainstorming meeting on Monday, June 30, 2008 to try to come up with some viable answers to the problem. Bryce Brucker asked for more information on what the City wants from him for the Tourism Committee. He requested a little more money be designated for Tourism.
